God and the Faithfulness of Paul

A Critical Examination of the Pauline Theology of N.T. Wright
Ed. by Christoph Heilig, J. Thomas Hewitt and Michael F. Bird

[ Published in English.

N. T. Wright's *Paul and the Faithfulness of God* is the culmination of his long, influential, and often controversial career – a landmark study of the history and thought of the Apostle Paul, which attempts to make fresh suggestions in a variety of sub-fields of New Testament studies. This volume brings together a group of international scholars to critically weigh and assess an array of issues in Wright's work, including methodology, first-century contextual factors, exegetical findings, and theological implications. In so doing, the volume's contributors bring these facets of *Paul and the Faithfulness of God* into dialogue with the current state of scholarship in both Anglophone and German contexts. It thus offers both a critical evaluation of Wright's accomplishment as well as an excellent overview of and introduction to issues that are hotly debated within contemporary Pauline studies.

Survey of contents

Part I: Prologue

Part II: Methodological Issues

Part III: Contextual Issues

Part IV: Exegetical Issues

Part V: Implications

Part VI: Epilogue
